House Fly is Germ
Breeder

Flies are disease carriers.
Live and breed in all kinds of filth.
Infect food and drink by germ laden dirt.
Each female fly can lay 150 eggs.
Screens should be used to keep them out.

Fly Season is open. Put in your screens. Especially in Typhoid Fever and Tuberculosis cases it is accountable for distribution.

A small amount of money will screen your house.

We have a complete stock of Screen Doors, Windows, and Wire Cloth. Place your order now.

SULLIVAN HARDWARE CO.

Anderson, Greenville, Belton.

Cotton should be side dressed just as soon after it is thinned out and clear of grass as can be done, so that the plant will get the full benefit of all this extra fertilization and of all the early rains. It does a great deal more good when applied early.

Fertilizer was used lightly this spring, and side dressing will pay handsomely this year if put on early. We are making a 652 and a 472 especially for side dressing. You will find it profitable to use it. It should be applied last of May if possible, if not then early in June.

If cotton is cheap the more you make to the acre the better you are off. If cotton is high, the more you make to the acre the better you are off. For every dollar you pay out for side dressing you get back from three to five dollars. But apply it early. These foods are ammoniated with soda, blood, tankage and fish.

Fifteen Trees to Be
Cut on North Main.

Fifteen large trees are being cut off North Main street this week. The work started yesterday morning at an early hour and is now well under way, and according to Mr. Wade Sanders, city engineer, the trees will be off the streets by the last of this week. These trees are beautiful, but they are in the middle of the street and are considerably in the way. The council has decided not to remove any trees which are not in the way of traffic, but these fifteen big trees will have to come down.

Rapid Work on
West Market St.

A large force of hands are now at work removing the old stone drains on West Market street and are making very rapid progress. Work was started at the corner of Towers and Market street and the stones were removed for more than two blocks in one day. As fast as one gang of men remove the stones, another gang lays the concrete form, and then the new drain is put down. The sewer gang is also making very rapid progress with their work in the southeastern part of the city.

Ladies Aid Society
Expresses Regrets.

The Ladies Aid Society of the First Baptist church have prepared a public letter for the press, expressing their regret at losing Mrs. John F. Vines. Mrs. Vines has been a great help to all sorts of church work and the ladies of the city hate to give her up. Following is the letter:

"In behalf of the Ladies Aid Society of the First Baptist church of Anderson, allow me to express to you our deep love and appreciation of you, and what you have meant to us, always bringing cheer and sunshine. It is hard indeed to give you and our beloved pastor up, but it must be so. To say that we will miss your expresses to you in a very poor way what we will suffer, and many times we will long to hear your dear voices in words and song, for I can truthfully say: 'None knew you but to love you, named you but to praise. May God in his mercy give to you both unbounded blessings in your new field, and if it is not in His providence that we should meet again on earth, may we all live so that we shall meet around His throne above, where all is perfect peace and love. Again thanking you for your untiring efforts to lead us aright, we must submit to giving you up, and wishing to say: 'God be with you, 'till we meet again.'"

To Publish a
New City Directory.

Mr. R. E. Wilkins of Asheville is in the city making plans for a new city directory to be published here in the near future. Mr. Wilkins is a representative of the Piedmont Directory company which has been making directories for the city of Anderson and other cities of North and South Carolina for the past ten years. He stated that the usual force of men would be employed to gather the necessary data for the book.

Sheriff Ashley
Caught Negro.

Sheriff Ashley captured Jim Madden a negro who is wanted by the sheriff of Abbeville County, Mr. Burt. The arrest was made just across the boundary line between Anderson and Abbeville Counties, and the negro was taken to the Hones Path guard house for safe keeping. Madden is charged with shooting two women.

Marshal Lyon
In City Yesterday.

United States Marshal C. J. Lyon, marshal for the United States district court for the western district of South Carolina, was a visitor in the city yesterday. Marshal Lyon makes his headquarters in Greenville. He has numerous friends here who are always pleased to meet him.

LARGE CONCERN PREPARED
TO DO ALL KINDS OF
HIGH GRADE WORK

CAPITAL \$10,000

Officers Are T. S. Crayton, M. M. Mattison, H. M. Dunn and T. K. Roper.

The Anderson Printing company is the name of a local concern which has just received its charter from the office of the secretary of state. A job printing and book business will be done.

The officers of the company, which is capitalized at \$10,000, are: T. S. Crayton, president and treasurer; M. M. Mattison, vice president; H. M. Dunn, secretary; T. K. Roper, manager.

This was formerly the job printing department of The Intelligencer, and was bought out some time ago by these and other gentlemen. The concern has its plant in the same building with The Intelligencer, occupying the entire second floor of the structure and a portion of the basement.

They are equipped to do job printing of every description and manufacture books, such as ledgers, journals, etc. The plant is one of the largest and most completely equipped in the upper section of the state, and is manned by large force of skilled printers, binders and other artisans necessary to the conduct of a business of this kind.

Mr. T. K. Roper, manager of the concern, is a veteran in the field. He has been in business in Anderson for a number of years, and besides being proficient in his work is a splendid business man and an affable gentleman.

Just Lift the Receiver off the Hook

THE Bell telephone is so simple that a child or servant or blind person can operate it as well as you can. Just lift the receiver off the hook and a trained operator responds instantly, prepared to render efficient service such as only human intelligence can produce.

In the dead of night you can use the Bell telephone, and even if a light is not convenient you have the assurance that the operator will respond when you lift the receiver from the hook.

Recently burglars who entered a Jacksonville, Fla., store accidentally knocked the Bell telephone receiver from the hook and the intelligent operator failing to get a response, called the police and notified the owner of the store.

Such human service as this makes the Bell telephone an indispensable business asset and an invaluable protection for the home.
